PUEBLO, Oct. 2.—Electrification of the entire Denver & Rio Grande system, concerning which plans have been announced before, will probably be completed within the next 12 months, according to a statement given out today by James Campbell, a division of the North American company.

St. Louis, which will do the work.
Mr. Campbell has just completed a
roll of the system and says it is prac-
ticable.

The Trusted Manicurist Sought Minister

The money was payment for a herd of cattle which the rancher had lost of. The rancher gave Knudsen his bank book.

Then Knudsen and Miss Tarabee moved here Knudsen says he gave her

money to make the deposit. She would arrange for a minister to bury them. He had gone but a short distance, however, when he remembered he had forgotten to tell a young lady that he had come back. He went back in the direction of the bank and waited in vain for her to appear.

A long length of time was spent by him in searching for the girl but without success. She had disappeared. A similar sensation, consisting of half joy and half doubt, overcame him, Knudsen says, and he sought the consolation. His conversation with the "Chief Stark by no means allayed his suspicions, and when it was learned that the girl had boarded a train, Knudsen realized that his ambition for a happy home and fire-side was not materialized. It was then he asked that the police search be stopped.

"I was a fool," he said. "I might have known."

News of the Courts

A directed verdict in favor of the defendant was returned by a jury in the county court yesterday in the case of Mrs. Della Williamson against Dr. C. W. Igo. A motion for a new trial was denied and the plaintiff gave notice of an appeal to the district court. Mrs. Williamson asks \$1,000 damages for malpractice, alleging that the defendant used a hypodermic needle on her that had not been properly sterilized.

Suit for \$1,045.02 was filed in the district court yesterday by the Interstate Trust company of Denver against John T. Hoover, David B. Smyth and E. P. Hartford, public trustee of El Paso county, to recover a claim alleged to have been made to Hoover by the plaintiff.

H. C. Nash, who pleaded guilty to burglary in the district court Tuesday afternoon, was yesterday sentenced to serve from three to six years in the penitentiary.

Bernard Golden, convicted of burglary was yesterday sentenced to serve from one to two years in the state prison. Elmer Logan, convicted of petty larceny, was sentenced to serve 30 days in the county jail and pay a fine of \$5.

E. A. Westcott, found guilty of stealing a pair of shoes from J. A. Riley, was yesterday sentenced by Justice Hutchinson to serve 30 days in the county jail.

WASHINGTON Oct. 2.—The Democratic tariff revision bill probably will be in the hands of President Wilson for his signature by tomorrow night. The senate at the end of a listless debate adopted the conference report at 9:30 o'clock tonight by a vote of 36 to 17, only four more than the necessary quorum of the senate.

Senators La Follette, Republican and
Poindexter Progressive voted for the
conference report is they did for the
bill on its passage and Senators Hanks
and Thornton Democrats, voted
against it as they did against the bill.
Otherwise it was a strict party vote.
Immediately after the adoption of
the conference report the senate ad-
opted the Smith-Lever compromising
cotton futures tax amendment - passed
by the house Tuesday and recorded
from its own amendment known as
the Clarke cotton futures tax plan,
without a roll call on motion by Charles
B. Simmons.

The bill will be returned to the house tomorrow as Chairman Underwood and Speaker Clark decided to say that the house should take formal action to recede from its cotton futures tax amendment. The completed measure can then go to President Wilson. It was thought at the Capitol tonight that the bill would become law Saturday. The treasury department was busy today making final preparations to put the new rates of duty into effect on all foreign merchandise the day following the signing of the bill. It is expected that millions of dollars worth of imported goods now in bond will be withdrawn for distribution within three days after the new tariff rates become effective.

NO STOMACH MISERY, INDIGESTION, GAS, SOURNESS---PAPE'S DIAPEPSIN

Time it! In five minutes your sick, nauseated stomach feels fine

Sour, sick, upset stomach, indigestion, heartburn, dyspepsia, when the food you eat ferments into gases and stultuous lumps, your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes stomach distress go in five minutes. If your stomach is in a revolt--if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach--make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress, but without fear. It's because Pape's Diapepsin "readily" dissolves late weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent can of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic--it is a scientific, harmless preparation which truly belongs in every home. Adv.

GOVERNMENT OWNERSHIP TO BE ISSUE IN CONGRESS

Rep. Lewis of Maryland Has Bill for Control Telephone and Telegraph Lines: Wilson Favors?

WASHINGTON, Oct. 2.—Government ownership of telephone and telegraph lines is to be proposed in bills Representative Lewis of Maryland now is drafting for introduction in the house, probably within a month. Although the measure, which would have these public utilities taken over as a part of the postal service, has not been made an administration policy, the president is known to have discussed the ideas with Representative Lewis and others interested in the project.

'NEGROPHOBIA' IS SOURCE OF DANGER SAYS SPEAKER

Startling Statements on Racial Question Made at English Congress: West Indies Example.

SOUTHAMPTON, England, Oct. 2.—Racial and international problems replaced the sex question in the discussions of the Church of England congress today. Both led to startling utterances. Sir Sydney Oliver, who was governor of Jamaica from 1907 to the end of 1912, declared no solution of the American color question was possible except by a disclaimer of the color line and the race differentiation theory. Negrophobia in mixed communities was one of the most active sources of danger, he said.

Greeks Fear a War With Turkey; Soon

LONDON, Oct. 2.—The fear of war with Turkey is growing in Athens, but the press is attempting to allay the feeling by announcing her determination to hold the islands in the Aegean subject to the decision of the powers. It is claimed, however, that Turkey is moving troops disguised as irregulars toward Kavala and Saloniki. Turkey's irregulars also are reported to be in possession of Dedagatch, which has been evacuated by Greece.

"My study and comparison of conditions in the United States and the West Indies," he said, "has brought me to that conclusion. American and colonial politicians and public men are not Eminent abolitionists nor evangelical Christian missionaries. I do not expect them to adopt the methods of missionaries, nor do I sympathize with all their programs. But it cannot be ignored that it happened that the faith of the men who laid the foundations for the peaceful development of the mixed community in Jamaica was democratic and humanitarian and above all, uncompromisingly Christian."

CATHOLICS OF ROME WILL NOT VOTE IN ELECTIONS

ROME, Oct. 2.—After the fall of the temporal power, the pope issued an order forbidding Catholics throughout Italy to participate in political elections. The present pontiff at the last general elections waived the prohibition in certain constituencies, where Catholic candidates opposed anti-clerical Socialists.

Herman Oelrichs Claims Auto Accident Cause of Injuries to Miss Singleton's Daughter.

NEW YORK, Oct. 2.—Mystery perplexed investigators tonight in the case of Herman Oelrichs, millionaire law student at Columbia university, and Miss Lucille Singleton, daughter of a Texas mine owner. Although Oelrichs was held in a magistrate's court today for a hearing next Tuesday on the charge that he stabbed the girl in the breast while they were in his automobile a few nights ago, the question exists as to whether she received her injuries in this manner or from the jagged points of the broken windshield through which she was thrown when young Oelrichs' car crashed into a tree.

PROF. WILLIAM HOWARD TAFT

WOMEN IN MEN'S CLOTHES

From the London Chronicle. An American woman has petitioned President Wilson for a permit to dress as a man, on the ground that in attire she can earn \$15 a week, or more than twice as much as when hampered by skirts. In France such permits granted by the local police without great difficulty, provided a substantial reason is shown for the applicant. Rosa Bonheur used to dress as a man and so did a widely known Mrs. M. de Montigny, who died young, while Mrs. D. de Montigny, the actress, grew to like men's attire when on her travels that she was on all occasions. According to a French paper in the Fifteenth century, any woman growing a beard has, in fact, the right to dress like a man.

TIZENS SAVINGS BANK IN MILWAUKEE CLOSED

MILWAUKEE, Oct. 2.—The Citizens Savings and Trust company was closed today by State Bank Examiner E. Knott. Liabilities are placed at \$1,000,000, of which about \$900,000 is in deposits. Examiner Knott today issued the following statement:

When I assumed the duties of examiner of banking I had A. B. Hulse, a veteran banker, elected to office of vice president of the Citizens Savings and Trust company. It is during his incumbency, old dealt up revealing false entries, bookkeeping, diversion of funds, etc., committed by former officials.

RESIDENT WILSON WILL ATTEND MOBILE CONGRESS

WASHINGTON, Oct. 2.—President Wilson has decided to attend the Southern commercial congress at Mobile, Alabama, October 27.

Mix the Breakfast Biscuits the Night Before

Set Them Away in a Cool Place and Bake them Fresh in the Morning

If the family do not all eat breakfast together, you can have a few at a time. If you are having hot biscuits for supper, mix and cut out enough more for breakfast. They will be much nicer freshly baked than warmed over.

Of course you can't do this very successfully with sour milk and soda or with any of the old fashioned, single acting baking powders, but this convenient way of making hot biscuits and muffins for breakfast is entirely satisfactory if you use

KC BAKING POWDER

which is really a blend of two baking powders, one of which begins to give off leavening gas as soon as moisture is added. The other is inactive until heat is applied. The dough will retain in a partly leavened condition for hours and when put in the oven will come up just as light and fluffy as if freshly mixed.

Get a can of K. C. today and try this easy way of baking biscuits at once. You'll never go back to the old way.

IMPRISONED MINER MAY BE FREED TODAY

Remarkable Vitality Shown, Wants Some Beef; 15 Feet of Coal Left

CENTRALIA, Pa., Oct. 2.—Separated from freedom by 15 feet of coal, Thomas Toshesky, the miner who has been entombed in the Continental colliery of the Lehigh Valley Coal company since last Friday morning, must spend at least 15 more hours in his dismal cell, 100 feet below the surface. He was told this tonight by rescuers who were working desperately to penetrate the wall of coal surrounding him. Notwithstanding power drills have been installed in the heading, mine officials declared tonight that it would be impossible to break the coal barrier until noon tomorrow and perhaps not then.

Following the instructions of H. J. Heffner, superintendent of the mine, not to exert himself, the imprisoned miner did little work today. He conversed with his rescuers several times through the 50-foot pipe that has been inserted from an adjoining chamber and through which his food is sent to him.

Prayers Rescuers' Safety

Toshesky told the physician who directs his diet tonight that he was becoming somewhat weakened because he has had no solid food for nearly a week, and said that he was very anxious to "sit down to a good substantial beef dinner." He frequently asks the time and passes hours singing or praying that none of the rescuers will meet with an accident in the attempt to free him.

Toshesky is becoming very restless. He started to dig himself out of his cell and had picked away about three feet of coal in the direction of his rescuers, when those on the outside told him to be careful lest he cut the rope used in drawing his provisions through the long pipe that has been inserted in a mine breach. Toshesky was told to stop digging, but he said he had to do something to help pass the time away.

Wanted Stick of Dynamite

The imprisoned miner begged for a stick of dynamite to blow down portions of the barrier between himself and liberty. To quiet him another bottle of cognac was sent in to him along with instructions from Mr. Heffner to try to go to sleep.

Toshesky was more cheerful during the night, after the 15 minutes' talk he had through the pipe with his wife yesterday afternoon. He was glad to hear that she and the four children were well, and he begged her not to worry about him. Mrs. Toshesky is hopeful he soon will be home. She had mourned him as dead until news was brought to her three days after the accident that he was alive.

Three shifts of 50 men each are engaged in the rescue work. The most experienced miners in the region are employed in the corps.

CANAL NOT HURT

(Continued From Page One.)

General feeling is that all danger has passed.

LITTLE DAMAGE IN COLON SAY OFFICIALS THERE

COLON, Oct. 2.—The highest officials of the Panama canal at Colon and Ancon in reply to telegraphic inquiries state that they have not received any reports indicating damage to the canal at any point from last night's earthquake and this was corroborated by Colonel Goethals.

The Colon police reports indicate that no damage was caused to any buildings or property anywhere within the city.

Last Quake in 1882

The last serious earthquake on the isthmus occurred in September, 1882, when in Panama City the municipal building and the cathedral were badly damaged and fissures in the earth occurred at Colon.

The official statement issued this afternoon concerning the earthquake shows that the first tremor was not noticeable except on the seismograph at the Ancon observatory. It occurred at 1:40 yesterday afternoon.

The next greatest shock was felt at 11:25 last night. Between then and 5:18 this morning 11 other tremors were recorded.

The violence of the vibration at 5:18 last night was so great that it threw the pen off the paper of the seismograph and consequently an exact record of its duration was not obtainable. It lasted for about 20 to 25 seconds.

The instruments showed the common point of origin of the shocks to be to the north of Colon in the Caribbean sea.

The Gatun dam and canal locks sustained absolutely no injury.

Investigation at Panama showed that more damage had been done than had been at first believed. Although no walls were seriously impaired, slight cracks appeared in several concrete buildings, particularly in Twelfth street near Santa Ana plaza.

Shock was Submarine

Three hours after last night's disturbance, one of the Central and South American cables broke about 150 miles north of Panama. This may have been a coincidence or the result of the shocks. The break caused no inconvenience to the cable company's traffic.

IRON WORKER

work Davis had been working in Pittsburgh for the Thompson-Starratt company. Then the local delegate of the iron workers union told him that he must pay a \$25 initiation fee to the local union or quit work. Davis quit. The detective told him that he knew all about his deeds anyway, and Davis' feeling that the union had deserted him, accompanied Foster to New York. Here in the presence of representatives of the federal district attorney and the National Iron Workers association, he dictated and swore to the long detailed confession which was given out today by the district attorney's office.

SECY. JONES IS NEW MAN IN DYNAMITE PLOTTING

Hearing Set for October 13; Released in \$10,000 Bond; Refuses to Make Statement

INDIANAPOLIS, Sept. 2.—Harry Jones, secretary-treasurer of the International Association of Bridge and Structural Iron Workers, who was arrested here today by Deputy United States Marshall Merrill Wilson on a charge of conspiring to transport explosives unlawfully, was released on \$10,000 bond late this afternoon. His hearing was set for October 13. Before United States Commissioner Howard S. Young, he declined to make a statement.

The charge against Jones is the same as the charge on which 25 of his fellow workers were convicted in the federal court here last December and sentenced to the federal prison at Leavenworth for terms ranging from one to seven years. With the exception of H. S. Hooker, who succeeded John J. McNamara as international secretary-treasurer when the latter was sentenced to San Quentin prison for his part in blowing up the Los Angeles Times building, all of the men convicted from here have appeared their cases in the United States district court at Chicago.

No statement of any kind could be obtained from the international headquarters of the union here. A second paper stated Jones was the only official about the office. She said the other officials, including President Frank M. Ryan, were traveling.

Jones is a new man in the dynamite case. He was a financial secretary of New York Local No. 40 and was elected international secretary last January. He is a long-time friend of Frank J. White of New York, a former member of the union's executive board and one of the thirty-eight men convicted after last December.

NEW SUSPECT IN CHICAGO MURDER MYSTERY CASE

CHICAGO, Oct. 2.—A new suspect in the murder of Alvin Karpis, a member of the Barker-Karpis gang, was named today by the Chicago police. The suspect is a man named John J. McManis, who was arrested in New York City and is now in custody at the Chicago police station.

SMALL BANKERS OPPOSE GOVERNMENT'S REVISION

Say Fees For Collection of Checks Out of Town Are Important; Ask One Reserve City.

WASHINGTON, Oct. 2.—Representatives of small banks in the middle west and south appeared before the Senate Banking and Currency committee today to oppose the administration bill to revise the small banks' endorsement of the bill as amended. The bill, which would deprive the bankers of the charges now made for the collection of out-of-town checks. These collections, the bankers said, represented considerable profit and should not be taken from the banks. Another general objection was entered to the scheme proposing twelve regional reserve banks. The bankers recommended a smaller number or even a single bank to concentrate the reserves of the country.

WORKED IN COLORADO

Davis said he had been an iron worker since 1900 and had been employed at Denver, Pueblo, St. Louis, New York, Washington, Providence, Cleveland, Pittsburgh and Birmingham. In the early days of the troubles between the union and the bridge builders he was a member of the entertainment committee, whose duty it was to furnish amusement workers. He began his career as a dynamiter at Trenton, N. J.

In careful detail the confession describes how Davis blew up or tried to blow up bridges in various cities and towns of the east. It was during his preparation of plans to destroy a new building at Fall River on April 30, 1906, that Davis first came into communication with Harry Jones. He says he got Jones at Indianapolis on the telephone and asked him for money. Jones, he adds, sent \$50. Davis adds he was familiar with his work he was doing under the name O'Donnell. Davis was arrested for the Fall River job and served two years in prison. During his prison term, he says, "his friends made a couple of noises" in other parts of New England to convince the authorities that Davis or O'Donnell was not the only person doing dynamite work. After he left prison, officers of the union gave him money and he went to his home in California. John J. McNamara wanted him to take up his old trade in California, but he refused because it was too near home.

The arrest of the McNamara brothers soon and at the advice of President Ryan, Davis says, he returned to the east, one of his latest exploits was the dynamiting of a bridge at Mount Vernon under the direction of Frank J. White, a New York member of the executive committee of the union who now is serving six years in prison.

Gigantic Scheme Bared

A picture of Davis' statement was the story of a gigantic scheme to set off simultaneously explosions in Omaha, St. Paul, St. Louis and New York City. Davis said McNamara were in charge of the plan. The McNamara brothers were responsible for all the dynamiting in the country. The consummation of the plan was supposed by the confession of the two men in jail.

Davis left for Indianapolis over the Indianapolis railroad at 6:20 o'clock this evening in the charge of Deputy United States Marshal Joseph Kund.

NOT WANTED BY COAST AUTHORITY: THEY SAY

LOS ANGELES, Oct. 2.—George E. Davis, arrested in New York, and Harry Jones, taken into custody at Indianapolis on charges of complicity in the so-called national dynamite conspiracy, are not wanted by the Los Angeles authorities, according to District Attorney John D. Frederick.

McManis, the brother of the McNamara brothers, who is in San Quentin penitentiary, has been connected with the dynamiting of the plant of the Los Angeles Times and the Leavenworth iron works several years ago.

McManis, one of the details of the case, was arrested by the Los Angeles police and the McNamara brothers, said today that they were not wanted by the Los Angeles authorities. He said he was not connected with the case, but had known the McNamara brothers, who were not involved in the case. The investigation of John J. McNamara is being continued.

RANDOLPH BACK AT OLD QUARTERBACK JOB AGAIN

Tigers Rip Up Terrors in Scrimmage;
"Tag" Students to Raise Funds for Training Table.

General Jay Randolph Tiger quarterback last year and who has not been out this fall except for the first two or three preliminary workouts returned to the fold last night and Coach Rothgeb worked him at quarter most of the time. The lack of a capable quarterback with experience has handicapped Rothgeb this fall in getting his machine in running order and the return of Randolph is taken as an indication that this little man will be the snapper this fall.

The Tigers tore through the Terrors in scrimmage last night with a vengeance. The High school leads were in poor shape for a mixup, owing to the battering they took on Tuesday and a number of substitutes were on the line as well as the backfield.

Some doubt exists as to whether the alumni game can be played as planned. A number of the old stars will not be able to be here and Captain Black of the graduate army is worried as to whether he will get enough men. The game is planned to follow the High school game with West Denver and two admissions are to be charged. The High school game will start at 2 o'clock.

Yesterday was tag day at the college when funds were raised for the training table. About \$200 was raised by that method.

RADIUM GAS CURE TO BE NEXT ON MEDICINE LIST

LONDON, Oct. 2.—The Radium institute announced tonight the discovery of the fact that the emanation of gas given off by radium is as efficient for curative purposes as radium itself. A method has been also discovered whereby the gas can be conveyed to medical men throughout the country for use among their own patients. The gas, although given off constantly, does not weaken the parent substance. The institute has only four grammes of radium in its possession, but the use of the gas will increase its utility enormously.

RIAGE NEWS

OUR BOYCE TRADE SAYS BUTCHER

WAUKEE, Oct. 2.—Declaring his business would be ruined if one of his marriage were made, an applicant for a marriage license last night asked that his be withheld from publication. "There are over 1000 young ladies living in neighborhood. Everybody knows I have money and matchmaking and send their girls around to my with a view to getting me married. If they found out I was married they would boycott me. I get married I am going to use my wife as a new hired girl," county clerk agreed to suppress his name.

S SELF AND BABE COULDN'T COOK A MEAL

ATTLE, Wash., Oct. 1.—Mrs. Hillshire, 30 years old, wife of Eben, a lieutenant in the city fire department, gave poison to her 4-year-old baby daughter, Ann Elizabeth, today and then drank a quantity of the drug herself. Both are dead. Stahre came home from work and the baby dead in its crib and he in convulsions. She died within minutes of his arrival. On the husband found a note which said: "I am not to blame. I am right by him and the children. I cook or anything else. I'll be in an asylum if I live longer."

ANOTHER "SURE THING" RACE: \$5,000 GOES AWAY

ST. LOUIS, Oct. 2.—William J. Young and his wife of Brandon, Manitoba, appealed to the police here today to aid them in recovering \$5,000 which they said they had given to two confidence men who persuaded them to bet the money on a "sure thing" horse race.

The Youngs said they met the alleged confidence men, known as Kleinfelder and Rector at West Baden, where the ability of the strangers to pick a winner was demonstrated by a one dollar bet from which Mr. Young received three dollars. The \$5,000, the police were told was turned over to the two men in a hotel here. According to Young the two men "quarrelled" soon after receiving the money and left the hotel with the money, promising they would return. They never came back and the Youngs visited the police station with their story.

COAL NOW \$8 PER TON IN DISTRICT: NO DISTRESS

CRIPPLE CREEK, Oct. 2.—The price of domestic coal in all the towns of the district was advanced this morning 50 cents a ton making it now \$8. Private families have been laying in supplies and the coal dealers' stocks are nearing exhaustion. No mines have shut down on account of lack of coal most of the larger properties having a month's supply on hand while shipments that are coming in at intervals are keeping the smaller mines and lessees supplied.

THE STAGE

OSCAR FIGMAN IN A NEW NOVEL MUSICAL COMEDY

Chasen and Bainbridge, Inc. has to offer the musical success Doctor de Luxe, a fun, Irish, wholesome show which will surely win its way into the favor of theatre goers at the Opera House tomorrow where it is to play for matinee and night only.

It is rapidly active, with queer conceits, beginning with the large number in the first act, and they are all operated very showily. A good instance is "The Skeleton Girls." This tune is infectious. The girls dressed in queer "Skeleton" costumes, dance in a captivating manner.

"Doctor de Luxe" can be said to be absolutely satisfactory in every particular. For good genuine fun, no musical comedy has ever equalled this offering and the laughter is continuous from beginning to end of the performance, same as when presented for one year at the Knickerbocker theatre, New York six months at the Illinois theatre, Chicago, and five months at the Colonial theatre, Boston.

Mr. Oscar L. Figman, who is the star of the production finds ample opportunity to enjoy his original manner of walking, talking and singing. The music is all of the catchy, whistly variety and every musical number brings its own surprises in the form of some novelty.

Miss Ann Tasker is irresistible in her dancing and her delightful singing.

delity will be revealed. After the first act the audience will find that there is a hidden meaning in the incidents of the play, which will be revealed in the second act.

Assisting Mr. Figman are: Bradshaw as Dr. De Luxe, Mr. Everett as the Nurse, Mr. Van Billy as the Doctor's Boy, Mr. Stuart as the Doctor's Girl, Mr. Madge as the Doctor's Girl, Mr. Seamus as the Doctor's Girl, Mr. Ethel as the Doctor's Girl, Mr. Tony as the Doctor's Girl, Mr. Mabel as the Doctor's Girl, Mr. Harum as the Doctor's Girl.

The chorus is a large and active one and altogether "Doctor de Luxe" is one of the best the theatre has ever seen without production coming from the radio Springs Route now selling.

"THE CANDY SHOP"

When the Anderson Gaiety company present "The Candy Shop" for the nights Monday and Tuesday, October 6 and 7 at the Opera House theatre goers of this city will get the advantage of the determination can be seen of "Broncho Billy" Anderson and his general manager J. J. Rosenthal to put on

in captivates any audience. The costumes and stage settings are at times startling in their originality and brilliancy, but always in harmony and good taste.

The first act is in DePaw's Pet Emporium off Broadway. The second act is in Melville's waiting room and office in the Hotel Lenox. The third act, the summer garden of the Hotel Lenox. Mr. Figman makes his entrance as John Truett into Dr. DePaw's Emporium, after rescuing a boy from being run down by a motor. Marie Melville enters over his head of heroism, and he is finally taken on the staff of Doctor DePaw, who needs an assistant in the task of playing nurse to the pet of the wealthy.

After making a success as a doctor with unusual cases of cats and dogs, Dr. DeLuxe—as he is nicknamed—is called to the home of Doctor Melville, the father of Marie, who mistakes him for a physician called from the hospital, and tenders him a fee which he takes without questioning.

Donald Houston, who is in love with Marie, mistakes him for Dr. Melville and asks him for the girl's hand. There has been a scandal brewing, meantime, because of a supposed love affair between Dr. Melville and Mrs. Houston. And the latter's husband, Colonel Houston is on the way out.

Mrs. Melville, smothered in handkerchiefs, has called Doctor De Luxe to Mrs. Houston's house, thinking he is her husband, and that if she makes believe she is the other woman his influence will be revealed.

After the first act the audience will find that there is a hidden meaning in the incidents of the play, which will be revealed in the second act.

IF KIDNEYS ACT BAD TAKE SALTS

SAYS RACRACHE IS SIGN YOU HAVE BEEN EATING TOO MUCH MEAT

When you wake up with headache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy.

When your kidneys get sluggish and clog you must relieve them like you relieve your bowels removing all the body's urinous waste. Else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment channels offer get sore water, solids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to clean and stimulate sluggish kidneys also to neutralize acids in the blood so it no longer irritates the excretory organs.

Jad Salts is a 15-cent bottle for the kidney. It is inexpensive, harmless and makes a delightful after-dinner and lithia water drink.

GREAT IMPROVEMENT IN MANY SOUTHERN COLLEGES

In 1900 only three southern colleges had standard requirements for entrance. This year, 160 announced standard admission requirements. Thus Miss Elizabeth Avery Coulton, secretary of the Southern Association of Colleges and Universities, says in the advancement that has taken place in higher education in the south since 1900. In a report distributed by the United States bureau of education.

Not only in entrance requirements but also in library laboratories, buildings and equipment of all kinds, as well as in the extremely important matter of the training and ability of the faculty. Miss Coulton notes marked improvement. She attributes the advance chiefly to two agencies the Carnegie Foundation for the Advancement of Teaching and the General Education Board. The former did the most valuable work through publications which revealed the wide variations in college standards that prevailed in the south while the latter has been especially helpful through the founding of professorships of standardization to aid the high schools in their relation to the colleges.

Together with the betterment in entrance requirements, has come a decided increase in the amount of college work represented by the degree. In 1904, according to Miss Coulton, the A. B. of only two southern colleges represented four full years of college work, while by 1914 graduates of at least 100 colleges will have completed four years of standard college work.

Although emphasis in her declaration that great improvement has taken place in the south since 1900, she also points out that the A. B. of only two southern colleges represented four full years of college work, while by 1914 graduates of at least 100 colleges will have completed four years of standard college work.

To the People of the Pikes Peak Region:

Because we want you to remember that at your own home there is the most wonderful sight-seeing trip in America, we are going to run, as an educational feature, a Home People's Excursion to CRIPPLE CREEK over the famous "Short Line," Sunday, October 5th, at the astonishingly low rate of \$1.50.

We are making this extremely low rate as an advertising experiment, believing that the future good will warrant it. We would probably get more revenue by handling less people at a higher rate, but our object is to induce the greatest number of home people to make this famous trip again so they will be a continual advertisement for it in the future.

It is actually a reciprocity proposition.

What We Do for You

We give you a chance to make this wonderful trip at a ridiculously low rate.

What You Do for Us

You talk about it (you cannot help telling people how grand it is), which advertises it for us.

Don't hesitate because you have made the trip in the past; it always seems different, and is grand just now when the foliage on the mountains is turning to the beautiful Autumn colors.

At the Governors' banquet at the Antlers Hotel during their meeting here in August, Governor Haines of Maine, in the course of his address, said:

"I don't believe you people realize the value of your wonderful scenery; I have been all over this country and Europe, but in no place have I seen anything to equal that wonderful trip over the Cripple Creek Short Line."

And remember this trip can be made next Sunday, with its wonders and pleasure, for the price of an ordinary theatrical performance ticket.

OLD BOSTON SHOWS INCREASE IN CRIME

BOSTON, Oct. 2.—An increase in crime in Boston is shown by the establishment of a new record in the number of cases handled by the municipal court in a year. For the year ended September 30, the total of these cases was 50,200 as compared with 46,700 in the previous year. The increase was most marked in drunkenness and automobile law violations.

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural Aid and Relieves the Tension

Mother's Friend, a famous external remedy is the only one known that is able to reach all the different parts involved.

is a penetrating application after the formula of a noted family doctor and indicates every muscle, nerve, tissue or tendon affected. It goes directly to the strained portions and gently but surely relieves all tension to soothe and ease.

By its daily use there will be no pain, no distress, no nausea, no danger of laboration, or other accident, and the period will be one of supreme comfort and joyful anticipation.

To all young women Mother's Friend is one of the greatest of all helpful influences. For it robs childbirth of all its agonies and dangers, dispels all the doubt and dread, all sense of fear, and thus enables the mind and body to await the greatest event in a woman's life with untrammelled gladness.

Mother's Friend is a most cherished remedy in thousands of homes, and is of such peculiar merit and value as to make it essentially one to be recommended by all women.

You will find it on sale at all drug stores at \$1.00 a bottle, or the druggist will gladly get it for you if you order upon it. Mother's Friend is prepared only by the Bradford Regulator Co., 137 Cedar Bldg., Atlanta, Ga. who will send you by mail, sealed, a very instructive book on expectant mothers. Write for it to-day.

"Let the GOLD DUST do your work"

J. BARRY TAYLOR

With the "Washington Star." There is no parental bryer—or there ought to be none—that fails to thrill with response to some such word as "babbling." It is a "baby talk" of our own babies is delightful. It amuses us. It shows us the interesting development of an interesting mind. We respond to it usually by talking baby talk, too.

There are some of us who think that

an unlettered foreigner can understand us more easily if we mimic his broken English. We say, "See, Tony, make a garden. Dig down deep." And because Tony dig with the shovel we give him until we think he must be on the outskirts of China we think our theory of talking to him in his own way is a good one.

For Tony, if he lived with us, would travel through many weary days and weeks and months before his English would show signs of improving.

It is the same way with babies. Although they are not able to mimic our

words correctly, they are able to understand them as they are to understand their own prattle. And if we insist on talking baby talk to them, where will they get their model and inspiration to talk correctly? Baby talk is charming in a baby. In a half-grown child it is almost always the fault of the parent.

Helen Keller's famous teacher wrote an interesting letter shortly after she began to work with the little deaf and blind girl. She said in the letter that she was spelling whole sentences into Helen's hand. She knew that Helen did not understand all the words, and when Helen began to spell sentences back to her they were disjointed and made up of a few words roughly joined. But, said the teacher, we talk to babies in sentences and doubtless they understand many words months before they are able to use them.

Miss Keller's teacher proved the wisdom of her method of teaching. Before long the little blind girl had unconsciously picked up the correct formation of sentences, the proper way to join verbs and nouns and adverbs and adjectives and all the other parts of the speech to express her thoughts. If the teacher had gone on spelling into her hand disjointed sentences as this "What black soft fur," Miss Keller would have gone on indefinitely answering in the same sort of disjointed way.

So it is with a baby. If every one about it talks baby talk to it, it will talk baby talk back for an indefinite time. If it hears its mother and its father and its nurse and all the other grown-ups say "daddy" for putting on milk and "daddy" for bread and butter there is no logical reason why it should not grow up thinking that a walk is a day-day and that the mainstay of life is bread-butter.

Therefore, break yourself of talking baby talk. Talk to a baby as if it had the machines of a normal man or woman in it, and see how quickly it will respond with clear, sensible words. Its baby talk, intelligible and accurate, will still be baby charming talk.

BLISTER CURE FROM JAPAN.

From Scouting.

Joshua H. Vogel, living in Omi, Japan, writes that his experience has been different from that of C. R. Horton who lately contributed to Scouting the article, "Blister for Camping." Mr. Vogel served as a member of the hospital corps of the State Guard of Ohio and during his experience in that corps he found that one of the least successful remedies for blisters is the application of adhesive plaster.

Adhesive plaster, he writes, tends to keep the blister from drying and healing. It is better to let the blister dry and then to apply a smooth and not sticky plaster. This can be done by using the following method.

First, by soap and water, wash the feet in cold water every night. If a blister becomes large and unable to break, open a sterilized instrument. This sterilizing can be done by the heat of a flame. It is not always a good rule to say "Don't open blisters" sometimes it will burst by accident and, once this generally happens while at work or play, infection is liable to follow because of infection.

AN ALDERMAN POET

From the Milwaukee Journal.

There is an inscription on the city hall bell. Its author is Alderman Henry J. Baumgartner, Tenth ward, and the stanza follows:

When I sound the hour of day From this grand and lofty steeple, Deem it a reminder, pray To be honest with the day.

SOCIETY WOMAN AS SALESLADY

Mrs. Alfred Mary, the popular young New York society matron, who, to escape being bored, has taken a position as saleslady in a Fifth avenue millinery.

She is here shown with some of the wares she is endeavoring to sell.
